

Record Sheet 11-A

Name: _____

Date: _____

Keeping a Record of Our Experiment

Keep a daily record of your experiment. Tell when you add more pollutant and how much you add. Observe both the terrarium and the aquarium in your experiment and record your observations.

	Terrarium	Aquarium
Date of Observations		
What We Did		
Amount of Pollutant Added		
pH		
Description of Plants (quantity, size, color)		
Number of Plants		
Description of Algae		
Other Observations (for example, color, odor, condition of environment)
