

**CROSS CURRICULAR GRADUATION COMPETENCIES,
& SCORING CRITERIA**

Revised Draft--April 29, 2016

Problem Solving and Critical Thinking

Indicator	Exemplary	Competent	Emerging	Novice
<p>1. Observe and evaluate situations in order to define problems and select strategies or approaches.</p>	<p>I can</p> <ul style="list-style-type: none"> • analyze situations to define complex problems • determine the relevance and importance of elements that define a problem and limit the solutions. • choose strategies or approaches that address the problem and constraints. 	<p>I can</p> <ul style="list-style-type: none"> • summarize observations and information from various sources to describe a problem; • identify and assess how elements of the situation define the problem and limit solutions. • choose strategies or approaches that fit the problem. 	<p>I can</p> <ul style="list-style-type: none"> • make observations about situations • make connections among observations to identify a possible problem. • apply strategies or approaches to a potential problem. 	<p>I can</p> <ul style="list-style-type: none"> • make observations about situations. • identify possible problems

<p>2. Identify patterns, trends and relationships that apply to solutions.</p>	<p>I can</p> <ul style="list-style-type: none"> • identify data crucial to the problem. • identify patterns and trends in data most relevant to the problem. • assess impact of patterns and trends on the design of possible solutions. 	<p>I can</p> <ul style="list-style-type: none"> • identify data relevant to the problem. • identify patterns and trends in data. • identify relevant relationships among patterns and trends that apply to solutions. 	<p>I can</p> <ul style="list-style-type: none"> • identify data related to the problem. • identify simple patterns and trends in data. • identify possible connections between patterns, trends and/or solutions. 	<p>I can</p> <ul style="list-style-type: none"> • select data • name patterns and trends in data
<p>3. Frame questions, make predictions, and design and use data collection and analysis strategies.</p>	<p>I can</p> <ul style="list-style-type: none"> • ask questions that expose the complex nature of the problem and determine what data is needed. • make predictions considering various aspects of the problem to determine what data is needed. • design and use a data collection system that 	<p>I can</p> <ul style="list-style-type: none"> • ask questions to clarify the problem and determine what data is needed. • make predictions relevant to the problem to determine what data is needed. • create and use a data collection system to address the identified needs. 	<p>I can</p> <ul style="list-style-type: none"> • ask questions related to the problem to determine what data is needed. • make predictions related to the problem to determine what data is needed • use a data collection system that partially addresses identified needs 	<p>I can</p> <ul style="list-style-type: none"> • ask questions related to the problem. • Identify components related to the problem. • gather data related to the problem

	<p>leads to reliable results.</p> <ul style="list-style-type: none"> analyze and interpret data and determine what additional data, if any, is needed. 	<ul style="list-style-type: none"> analyze data and determine whether data is sufficient. 	<ul style="list-style-type: none"> organize data collected 	
<p>4. Use evidence from various sources, disciplines and/or contexts to make decisions and solve problems. (SEL 5B, 5C)</p>	<p>I can</p> <ul style="list-style-type: none"> synthesize and select most relevant and reliable evidence from multiple and varied sources. Integrate evidence and reasoning to make decisions or solve problems. 	<p>I can</p> <ul style="list-style-type: none"> select relevant evidence from multiple and varied sources. make decisions or solve a problem based on evidence and reasoning 	<p>I can</p> <ul style="list-style-type: none"> summarize information from multiple sources. make decisions or generate solutions related to the problem. 	<p>I can</p> <ul style="list-style-type: none"> identify related information from multiple sources. take initial steps related to the problem.
<p>5. Persist in solving challenging problems, adapting strategies and approaches as needed. (SEL 2A, 2C)</p>	<p>I can:</p> <ul style="list-style-type: none"> make multiple attempts, if needed, until a solution is reached. choose appropriate strategies to solve a 	<p>I can:</p> <ul style="list-style-type: none"> make multiple attempts, if needed, to reach a solution apply varied strategies related to solving a problem. 	<p>I can:</p> <ul style="list-style-type: none"> attempt to reach a solution apply initial strategies to solving a problem use different strategies when 	<p>I can:</p> <ul style="list-style-type: none"> identify strategies that could be used to solve a problem. identify when strategies are not effective.

	<p>problem.</p> <ul style="list-style-type: none"> • evaluate and adjust strategies and approaches to make progress toward solving a problem. 	<ul style="list-style-type: none"> • adjust strategies and approaches in response to the problem. 	<p>original attempts are not effective.</p>	
<p>6. Investigate areas for innovation and creativity, generate options and justify chosen solution</p>	<p>I can:</p> <ul style="list-style-type: none"> • create opportunities for new thinking or creative problem-solving, • generate a range of solutions that incorporate innovation or creativity, • select and justify chosen solution using evidence from an analysis of the options. 	<p>I can:</p> <ul style="list-style-type: none"> • investigate and identify various opportunities for new thinking or creative problem-solving, • generate a range of solutions, • select and justify chosen solution using evidence from an analysis of the options. 	<p>I can:</p> <ul style="list-style-type: none"> • investigate and identify an opportunity for new thinking or creative problem-solving, • generate a potential solution; • choose and explain the merits of that solution. 	<p>I can</p> <ul style="list-style-type: none"> • Identify a possible opportunity for innovation or change, • Identify a potential solution from a list of possibilities, • choose a potential solution.

CROSS CURRICULAR GRADUATION COMPETENCIES,

& SCORING CRITERIA

Revised Draft--April 20, 2016

Accessing and Analyzing Information

Indicator	Exemplary	Competent	Emerging	Novice
<p>1. Use appropriate research tools, including technology and digital media, to access and organize information from multiple sources.</p>	<p>I can</p> <ul style="list-style-type: none"> • identify and determine efficient and effective tools to obtain needed information from multiple sources; • access a comprehensive body of information that fits the intended purpose; • identify multiple ways of categorizing information and justify 	<p>I can</p> <ul style="list-style-type: none"> • identify and choose appropriate tools to obtain needed information from multiple sources; • access information from multiple sources utilizing those tools; • organize information obtained into relevant and applicable categories. 	<p>I can</p> <ul style="list-style-type: none"> • identify a variety of tools that can be applied to gathering information; • gather information through the use of technology and other tools; • categorize information gathered. 	<p>I can</p> <ul style="list-style-type: none"> • search for information using limited techniques • describe or summarize information from multiple sources.

	the use of one to match the intended purposes.			
2. Analyze the accuracy, bias, and usefulness of information.	<p>I can</p> <ul style="list-style-type: none"> • synthesize multiple sources to identify significant similarities and differences. • analyze the intentional or unintentional influence of perspectives and assumptions in sources • apply analysis of sources to identify most useful and valid information. 	<p>I can</p> <ul style="list-style-type: none"> • Compare and contrast multiple sources to identify similarities and differences • identify and assess the influence of perspectives and assumptions in multiple sources on interpretation of events • apply analysis of sources to determine usefulness and validity. 	<p>I can</p> <ul style="list-style-type: none"> • Identify main ideas in multiple sources, • identify prominent perspectives and assumptions in sources. • Categorize sources based on analysis and determine which are useful. 	<p>I can</p> <ul style="list-style-type: none"> • use predetermined questions to identify key information/main idea, • use predetermined questions to identify perspective in sources.
3. Synthesize and analyze information from multiple sources	<p>I can</p> <ul style="list-style-type: none"> • consolidate and evaluate information 	<p>I can</p> <ul style="list-style-type: none"> • consolidate and analyze information 	<p>I can</p> <ul style="list-style-type: none"> • categorize and label information from 	<p>I can</p> <ul style="list-style-type: none"> • summarize information from

<p>to draw conclusions and/or ask questions.</p>	<p>from multiple sources to identify important and relevant relationships.</p> <ul style="list-style-type: none">• draw well-reasoned conclusions and ask relevant questions that identify gaps in the body of information used.	<p>from multiple sources to identify relationships.</p> <ul style="list-style-type: none">• draw conclusions or ask relevant questions about the information gathered.	<p>multiple sources to identify connections</p> <ul style="list-style-type: none">• draw conclusions about the information gathered.	<p>multiple sources.</p> <ul style="list-style-type: none">• ask basic questions about the information gathered.

CROSS CURRICULAR GRADUATION COMPETENCIES,

& SCORING CRITERIA

Revised Draft--April 20, 2016

Clear and Effective Communication

Indicator	Exemplary	Competent	Emerging	Novice
<p>1. Demonstrate organized communication through varied modes (oral, written, visual and/or performance).</p>	<p>I can</p> <ul style="list-style-type: none"> • enhance my communication through the sequence and presentation of ideas • use conventions of different modes of communication (oral, written, visual, and/or performance) intentionally and strategically to 	<p>I can</p> <ul style="list-style-type: none"> • present information and ideas coherently, with logical sequence; • apply conventions of different modes of communication (oral, written, visual, and/or performance) to express ideas clearly. 	<p>I can</p> <ul style="list-style-type: none"> • organize information to communicate my ideas and responses; • use limited conventions of different modes of communication (oral, written, visual, and/or performance) to express ideas. 	<p>I can</p> <ul style="list-style-type: none"> • repeat information that has been presented to me. • select a mode of communication (oral, written, visual, and/or performance).

	express ideas clearly.			
2. Collect, analyze and respond to information gathered from active listening. (SEL 4A)	<p>I can</p> <ul style="list-style-type: none"> • synthesize and evaluate information gathered through active listening (including during discussions, presentations, videos, etc.) and determine reliability; • evaluate information, considering context and type of presentation; • Integrate information gathered through active listening to draw conclusions and and justify a reasonable response. 	<p>I can</p> <ul style="list-style-type: none"> • consolidate and analyze information gathered through active listening (including during discussions, presentations, videos, etc.) and determine relevance; • interpret information, considering context and type of presentation; • draw conclusions about information gathered through active listening and create a relevant response. 	<p>I can</p> <ul style="list-style-type: none"> • gather information through active listening (including during discussions, presentations, videos, etc.) and determine main ideas and patterns; • organize information gathered; • identify themes and patterns in information gathered through active listening and create a partial response. 	<p>I can</p> <ul style="list-style-type: none"> • participate as a listener to a variety of discussions, presentations, videos, etc.; • identify information gathered through active listening.
3. Use evidence and logic purposefully in	<p>I can</p> <ul style="list-style-type: none"> • incorporate the most 	<p>I can</p> <ul style="list-style-type: none"> • incorporate evidence 	<p>I can</p> <ul style="list-style-type: none"> • select evidence that 	<p>I can</p> <ul style="list-style-type: none"> • identify evidence that

<p>communication.</p>	<p>relevant and effective evidence to justify my purpose;</p> <ul style="list-style-type: none"> • Use sound reasoning to present ideas and address counterarguments to achieve my purpose. 	<p>that enhances purposeful communication;</p> <ul style="list-style-type: none"> • Use sound reasoning to present ideas to achieve my purpose. 	<p>connects to my purpose;</p> <ul style="list-style-type: none"> • organize and present ideas based on purpose. 	<p>could relate to my purpose;</p> <ul style="list-style-type: none"> • Share ideas that relate to my purpose.
<p>4. Select and use communication strategies (including technology and digital media) appropriate to the audience, context, and purpose. (SEL 4C)</p>	<p>I can</p> <ul style="list-style-type: none"> • select and use a strategic method of communication (e.g., written, oral, visual, graphic, audio, and/or interactive) that effectively addresses the audience, context and purpose; • integrate conventions and select effective communication tools to best address intended audience, 	<p>I can</p> <ul style="list-style-type: none"> • select and use a method of communication (e.g., written, oral, visual, graphic, audio, and/or interactive) that fits the audience, context and purpose; • use conventions and tools of selected communication method effectively for intended audience, context and purpose. 	<p>I can</p> <ul style="list-style-type: none"> • select and use a method of communication (e.g., written, oral, visual, graphic, audio, and/or interactive) to present ideas; • use communication tools to attempt to address needs of audience, context and purpose. 	<p>I can</p> <ul style="list-style-type: none"> • use a method of communication (e.g., written, oral, visual, graphic, audio, and/or interactive) to present ideas; • identify audience and purpose of communication.

	context and purpose.			
5. Select and use communication strategies and interpersonal skills to collaborate with others. (SEL 2A, 3A, 4A, 4B, 4C)	<p>I can</p> <ul style="list-style-type: none"> strategically select and use methods of speaking, listening and responding that enhance productivity and respect in collaboration. 	<p>I can</p> <ul style="list-style-type: none"> select and use methods of speaking, listening and responding that promote productive and respectful collaboration. 	<p>I can</p> <ul style="list-style-type: none"> use varied methods of speaking, listening and responding in an attempt to collaborate productively and respectfully. 	<p>I can</p> <ul style="list-style-type: none"> identify ways of speaking, listening and responding and how they might impact others in a group.

CROSS CURRICULAR GRADUATION COMPETENCIES,
& SCORING CRITERIA

Revised Draft--April 20, 2016

Initiative, Self-Direction and Accountability

Indicator	Exemplary	Competent	Emerging	Novice
1. Apply knowledge to set goals, make decisions and assess new opportunities. (SEL 2C, 5C)	<p>I can</p> <ul style="list-style-type: none"> • evaluate and integrate relevant information to set strategic goals; • integrate information from diverse sources to make effective progress toward goals; • create, evaluate and select opportunities to make effective 	<p>I can</p> <ul style="list-style-type: none"> • gather and apply information from diverse sources to set goals; • use information to make informed decisions that result in progress toward my goals; • identify and evaluate new opportunities in relation to my goals. 	<p>I can</p> <ul style="list-style-type: none"> • gather information from multiple sources to set goals; • use information to make decisions related to goals; • identify new opportunities that connect to goals. 	<p>I can</p> <ul style="list-style-type: none"> • set goals; • make decisions that relate to goals; • identify possible opportunities.

	progress toward goals.			
2. Demonstrate flexibility, including the ability to incorporate new ideas and information to adjust goals and actions. (SEL 2C)	<p>I can</p> <ul style="list-style-type: none"> • revise and strategically adjust my goals by seeking out, analyzing and incorporating new information and perspectives; • assess progress toward goals, identifying relevant information and feedback to design new and/or improved approaches. 	<p>I can</p> <ul style="list-style-type: none"> • revise and adjust my goals by reflecting on and incorporating new information and perspectives; • monitor my progress toward goals and adjust my approach based on information and feedback. 	<p>I can</p> <ul style="list-style-type: none"> • examine my goals by considering new information and perspectives; • reflect on my progress toward goals. 	<p>I can</p> <ul style="list-style-type: none"> • identify new information and perspectives that relate to my goals; • monitor progress in relation to goals.
3. Identify and analyze personal strengths, challenges, and possibilities and apply strategies for improvement.	<p>I can</p> <ul style="list-style-type: none"> • assess and evaluate personal strengths and challenges in different areas and settings; • use observations about strengths and 	<p>I can</p> <ul style="list-style-type: none"> • identify and examine personal strengths and challenges in different areas and settings; • use observations about strengths and 	<p>I can</p> <ul style="list-style-type: none"> • identify personal strengths and/or challenges in different areas and settings; • make observations about those 	<p>I can</p> <ul style="list-style-type: none"> • identify possible areas of strength and challenge; • identify possible effects of strengths and challenges; • identify possible ways

	<p>challenges to strategically select effective options;</p> <ul style="list-style-type: none"> • select and use strategies that successfully improve performance. 	<p>challenges to identify options;</p> <ul style="list-style-type: none"> • identify and utilize strategies to overcome challenges, build on strengths, and/or improve performance. 	<p>strengths or challenges;</p> <ul style="list-style-type: none"> • identify ways to utilize strengths or strategies to improve. 	<p>to use strengths.</p>
<p>4. Demonstrate initiative and responsibility for learning by applying knowledge and seeking support. (SEL 1C, 1D)</p>	<p>I can</p> <ul style="list-style-type: none"> • create and select effective actions to further learning or make progress on a task; • make effective progress on a task by assessing and selecting strategies to deepen my learning. 	<p>I can</p> <ul style="list-style-type: none"> • take action to further learning or make progress on a task; • add to my learning or make progress on a task by applying strategies to find and use supports. 	<p>I can</p> <ul style="list-style-type: none"> • identify actions that could further learning or result in progress on a task; • identify strategies to find supports related to my learning or task. 	<p>I can</p> <ul style="list-style-type: none"> • identify areas of learning or steps related to a task; • identify the need for support.
<p>5. Demonstrate reliability and concern for quality. (SEL 1D, 2A,</p>	<p>I can</p> <ul style="list-style-type: none"> • prioritize and take actions to meet 	<p>I can</p> <ul style="list-style-type: none"> • meet deadlines/ commitments or ask 	<p>I can</p> <ul style="list-style-type: none"> • attempt to meet deadlines/ 	<p>I can</p> <ul style="list-style-type: none"> • identify my assignments/
