## *New Haven Public Schools*

**TO:** 9-12 Science Teachers  
**FROM:** Richard Therrien  
**DATE:** Oct 10, 2006  
**RE:** High School CIA Monday, Oct 23<sup>rd</sup>

As you know, our first high school science session is scheduled for Monday, Oct. 23<sup>rd</sup>. We are meeting at Career High, in the library. There should be plenty of parking available. We will start at 2:42 pm.

Our session is scheduled to be professional development: I will be starting the group with some research and work on misconceptions in science. Then each group will work at tables for an hour or so to identify misconceptions and teaching strategies to overcome them as found in the 9-12 standards. I anticipate a productive professional afternoon.

I will also be distributing teacher copies of the finalized quarterly assessments, with student scantrons and scoring rubrics. (also found at [www.newhavenscience.org](http://www.newhavenscience.org))

Please let me know if there are any questions.  
Thank you.

Richard Therrien
